

99.5 KKLA

FALL 2023 SCHOOL YEAR

# half price tuition

## DISCLAIMER

Each tuition voucher is valid for the tuition cost for attendance at the specified school for the Fall 2023 School Year (not including Summer School). All other costs of attending the school, including books and supplies, uniforms, and fees to participate in sports or events, are not covered by the voucher and are the responsibility of the student and his or her parent or guardian. Only one voucher per school may be purchased or used by a household or family. Each voucher may only be used by a new student and not currently in the application/enrollment process prior to February 1, 2023. Purchase of a voucher does not guarantee admittance for a student to the specified school, and the student must meet all school admission, attendance, and conduct requirements to enroll and attend throughout the school year. The voucher is not transferable, non-refundable, non-cancellable and may be used only by a family or household member of the purchaser. The voucher is not returnable or redeemable for cash, except if a school confirms to 99.5 KKLA that a prospective student with a voucher completed all application requirements but was not admitted to the school, in which case upon request by the voucher purchaser 99.5 KKLA will refund the cost paid to 99.5 KKLA for the voucher. The voucher purchaser should consult with his or her tax advisor concerning the tax treatment of payment of tuition using the voucher.
