ABOUT ARCADIA CHRISTIAN

Arcadia Christian School was originally founded by a concerned group of parents from the Arcadia Christian Reformed Church who wished to provide a Christian education for their children. Their vision was to provide an educational setting that would assist parents with their responsibility to raise their children in the nurture and instruction of the Lord. In 1945, it was incorporated as the Christian School Society of Arcadia, an independent organization. Today, Arcadia Christian School continues that rich tradition for grades first to eleventh. ACS offers a life-changing education that prepares students for lifelong learning and leadership, encouraging students to make a positive impact for Jesus Christ in their community. Arcadia Christian School still strives to provide Christian education through a commitment to educational excellence based on a Biblical worldview.

★ ★ ★ ★
FOUR STAR VALUES

These four values set the standard upon which we strive to bring glory to God as professional Christian Educators in hopes to stretch the minds of our students, and present Christ to this generation. These Four Values will be represented by four stars, to help remind us of our commitment to those whom we serve. It is our goal as Christian Educators of ACS to live up to our four values:

★ **FAITH**

Our mission is to use education as a tool to develop the spiritual life of our students, and deepen their faith in Jesus. We strive to disciple our students by allowing the Bible to lay down a foundation that answers Four Basic Questions: How do you see the world created? How do you see human beings? How do you see life after death? How do you determine right and wrong?

★ **CHARACTER**

We aim to teach and live our lives in a manner that exemplifies these key principles: 1. God first, permeating all of our lives from our families to our role as educators; 2. Create an environment that lives out the Golden Rule; and 3. A place which allows for the Fruits of the Spirit to grow.

★ **HEART**

We desire to create an atmosphere where a “never quitting” attitude of perseverance grows and is nurtured through our academics to our sport teams.

★ **SERVICE**

It is our goal as ACS educators to guide our students to use their God-given talents to bring glory to God and serve their families, communities, and the world.

God didn't have time to make a nobody, only a somebody. I believe that each of us has God-given talents within us waiting to be brought to fruition.

-Mary Kay Ash
Founder of Mary Kay Cosmetics

What is the BEATS Program?

BEATS is an acronym for Business, Engineering, Arts, Technology, and Science! Each discipline opens the door for students to explore their future passion. Critical thinking skills are used to solve problems, while at the same time learning the rules of collaboration in a team. Students will also be challenged to see the Biblical principles in each discipline, plus how they relate to each other. BEATS is about challenging our students to think “outside the box,” and nurturing their God-given gift. It is the goal of the BEATS Program to integrate each discipline into a cohesive learning paradigm based on real-world applications and a biblical worldview.

CCU Academy

Colorado Christian University
Grace and Truth

Taking college credit courses at Arcadia Christian School and AP courses allow for some flexibility in college. Beginning college with 30-40 units or more can allow a student-athlete to take fewer units during their athletic season, or for a student to double-major and still get out in four years. Some have started a master's degree program earlier and been able to finish their advanced degree in a shorter time period, while others have graduated college in only three years, saving families an entire year of college tuition, room and board.

Dual credit courses must be approved by the institution offering the credit and it's a rigorous process that requires the course be demonstrated to be a college-level course taught by a highly qualified instructor. Curriculum, sample coursework and instructor's qualifications are submitted and approved. The student takes the course, pays the fee to the college, and gets credit on their high school transcript as well as a college transcript with units credited.

For a fee of \$200 per course, students can register through Colorado Christian University for courses that would typically cost \$1800 or more at competitive colleges. These credits are accepted by over 650 colleges and universities nationwide. **To show our support to our students who take a college course, Arcadia Christian School will cover their first two courses!**

Operation Christmas Child is a project of Samaritan's Purse, an international relief organization. Our mission is to provide local partners around the world with shoe boxes filled with small toys, hygiene items, and school supplies as a means of reaching out to children in their own communities with the Good News of Jesus Christ. In 2021 our ACS Community raised 150 boxes!

We honor our Veterans! **Veteran's Day Chapel** honors those who served our country.

Hero's Day gives honor to our local first responders. Our students shower our first responders with cards and praise. A special parade is done in their honor!

Academically we pursue a program focused on the core subjects of bible, math, science, history, and language arts; extending into the fine arts and technology, through our BEATS Program. It is our desire that every student graduate from our campus equipped for high school and beyond.

The foundation of Arcadia Christian School is our spiritual conviction. God’s Word is our foundation and integrated into everything we do from our classrooms, our athletic space to our community life. It’s His Word that gives us the answers to how we see the world and human begins created. It gives us the hope we have in Christ concerning life and death. Plus, it lays down a foundation on how we see right and wrong. We believe Jesus to be the foundation and authority from which all knowledge begins.

We know any decision regarding your family’s educational needs are not made lightly. Our ACS staff is available to answer your questions as you make your decision. Our prayer is that God will direct you to the school He would have for your family. We hope that you would find your academic home with us at Arcadia Christian School...
